

# The SAFETY Driven Telematics Solution

Safety and accidents are a major cost for your business, your reputation, and for your employees. **Let Azuga Fleet help you reduce the risk and increase your success!**

## Unsafe Driving Costs

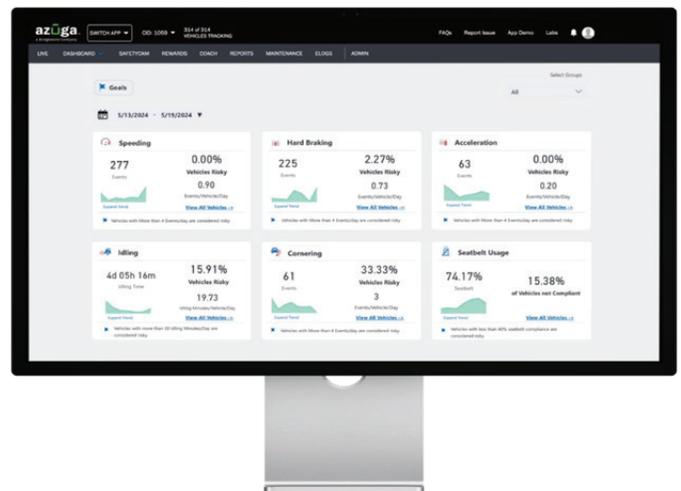

Average cost: \$16,500  
 Average cost with injuries: \$74,000  
 Average cost with fatalities\*: \$500,000

With the ease of a “plug and play” installed OBDII device, you can unlock safety for your fleet.

This gives you the ability to determine when driving behaviors are becoming a risk to your fleet’s safety – detect hard braking, hard acceleration, and hard cornering.

**Azuga SafetyCam is the most accurate witness to capture your drivers’ views of the road.**

Enhance fleet safety with Azuga. Gain complete visibility, coach high-risk drivers, investigate incidents quickly, reduce accidents and costs, protect your drivers, and access event videos within Azuga Fleet or FleetMobile.
